Bob Beckwith Business Manager,

As requested in my original FOIA attached, I also requested a copy of the e-mails between board members during board meetings. As per our conversation on the phone I explained how I know that they were writing e-mails during the meetings. I would still like this portion of my original FOIA to be answered. I would also like to setup a appointment to physically inspect the documents that were sent to me.

Sincerely,

Laura Reigle

I don't have any emails. But I found these notes in my files. These may be what you are looking for, but I'm not sure if they are during meetings time so I thought I'd send them anyway.

Dear Board of Education Members:

A FOIA has been submitted requesting correspondence between Board Members during School Board Meetings for the past six (6) months, not limited to e-mails. I have contacted Mike Duggan, the School District attorney, to verify how we should try to obtain any of the materials being requested. His response was for me to e-mail you and ask for each member to check and see if you have any e-mails or other correspondence between each other during meeting times and have you forward that information directly to me if available. Please check your e-mails and any other written documentation that you have had with other members during meeting times and forward that information to me no later than Wednesday, February 10, 2010. If you have any questions please feel free to contact me.

Thank you for your assistance,

Bob

Bob-

I have NEVER sent an e-mail during a BOE meeting to another BOE member, ever.

I have no other written correspondence. I've written notes during a meeting, but it is not my practice to retain them.
