Discussion Questions

1. What are the key positives about the Common Core State Standards that will contribute to a successful transition from middle school to high school for students in your content area?
(For areas that do not have applicable Common Core State Standards: Discuss how the implementation of the current curriculum based on the Illinois Learning Standards contributes to a successful transition from middle school to high school for students in your content area.)
2. What are the barriers or key challenges of the Common Core State Standards in supporting a successful transition from middle school to high school for students in your content area?
(For areas that do not have applicable Common Core State Standards: What are the barriers or key challenges in supporting a successful transition from middle school to high school for students in your content area?)
3. How do we complement each other as we move forward with the implementation of the Common Core State Standards?
(For areas that do not have applicable Common Core State Standards: How do we complement each other as we continue to implement the curriculum that is based on the current Illinois Learning Standards?)
