Notes

- § Detailed schedules for each program will be distributed closer to the actual date.
- § Specific plans for each content area appear in Curriculum Development Plans.
- § The activities in this plan reflect the areas of interest/need identified by teachers in needs assessments and in the feedback forms collected during previous school years.
- § The Curriculum Review Cycle has been suspended until further notice due to the district's financial status.
- § Individual school improvement plans generate needs that are addressed within this plan.
- § Federal grant funds for 2011-2012 will support professional development activities (as available).
